Purchasing Literature

The above literature may be purchased by contacting the NY Intergroup Literature Officer, at the email address nyliterature@9thtradition.org.

The Use of Literature in UA

One frequently asked question is what literature may be used in meetings. The World Service Conference has provided the following guidance on the use of literature in U.A.:

“Conference-created literature” describes material approved by the World Service Conference for publication by the General Service Board of Underearners Anonymous, using the funds available to the GSB. The creation process is designed to ensure that everything in this material is in accord with UA principles, and deals with recovery within Underearners Anonymous and/or information about the UA fellowship.

But that is all that “conference created” means: any member of UA can read anything any time anywhere for any purpose. And any Group can determine for itself by Group Conscience that a specific piece of literature conforms to the principles of UA and is thus acceptable to be read at that meeting. Likewise, any Group or Intergroup can determine by Group Conscience what literature to provide for sale to its members.

Example Literature Statement

It is suggested that this statement be modified to suit the specific needs of individual meetings and groups:

This meeting has printed UA literature for sale including meeting lists, which are available free of charge to newcomers. Additional literature is available for free download from the website, at www.underearnersanonymous.org. Please see me after the meeting if you are interested in obtaining any literature.
